

Kurdistan University of Medical Sciences

Besat Hospital

Introduction

Besat Hospital, and Therapeutic Center is one of the most recognized hospitals affiliating with Kurdistan University of Medical Sciences. Besat Hospital is committed to offer quality diagnosing and treatment services to patients by means of cutting-edge medical technologies and competent human resources respecting Islamic cultural and social values.

Besat Hospital has been recognized as one of the leading teaching hospitals affiliating with Kurdistan University of Medical Sciences committed to train and educate medical and para-medical students in different levels.

Hospitals are evaluated and accredited every two years according to National System of Hospital Accreditation of Ministry of Health and Medical Education, Islamic Republic of Iran, in order to enhance the quality of offered services and patients' satisfaction. Besat hospital of Sanandaj, an affiliated hospital of Kurdistan University of Medical Sciences, successfully managed the quality of services during the pandemic and proudly received the Grade 1 accreditation certificate in 2020. The management team of the hospital attempted to reconstruct the infrastructures of the hospital such as the emergency ward, CSSD, and the delivery ward. Major processes like admission and discharge were reconsidered as well.
